

smart-Flow

New generation hood

Process optimisation and security

Capture at source of vapours, fumes and powders

OUR OBJECTIVE

provide you a

NEW EXPERIENCE

OUR PUSH-PULL TECHNOLOGY

The alternative to hoods and extraction arms.
Integrated air flow protects the operator from toxic products
handled while guaranteeing accurate weighing
and a reduction in energy costs.

**ABSOLUTE SAFETY
OF OPERATORS**

**UNDISTURBED WEIGHING,
ACCURACY PER
THOUSANDTH OF GRAM**

**30 TIMES MORE
COST-EFFICIENT**

**Air flow at 0.5 m/s. Over
99% of pollutants captured**

**Ergonomic and self-
adaptive**

**Optimized flow rate of
50m3/hour**
